Dear Colleague,

The Leeds International Piano Competition is one of the most prestigious music events in the world; an inspirational celebration of youth, talent and achievement.

Our impact has been felt in every concert hall around the globe. Every three years, the competition reaches an online audience of more than 5 million and we reach millions more through our archive which contains some of the greatest pianists on earth, including Murray Perahia, Radu Lupu, Mitsuko Uchida, Andrés Schiff, Eric Lu and many more.

We are writing to invite you to our Digital Launch at 2pm (GMT) Saturday 22nd July, when applications will open for the 21st Competition in 2024.

The Leeds is a career-launching platform - a showcase for piano talent on a global scale. We encourage you to put forward your very best students and particularly encourage applications from women pianists, as they are under-represented in the piano profession. We also provide bursaries to pianists who might be otherwise be prevented from participating.

No matter how far the competition journey takes our pianists, we provide a warm and supportive environment for them to perform, and everyone benefits from career development opportunities during the Competition and much more, so there's a great deal to be gained by participation.

Applications open on Saturday 22nd July:

We are passionate about enriching lives through the discovery of the piano, nurturing young talent and contributing to the cultural life of the global piano-loving community. We hope you will join us...

Kindest regards,  
Adam Gatehouse
