Dear partners and prospective students,

We are pleased to announce the launch of our **Joint Summer School 2016** and we would appreciate if you would promote this among your students using the enclosed brochure.

**VŠB - Technical University of Ostrava (VŠB -TUO) and University of Ostrava (UO)** have come together to offer a joint Summer School, taking advantage of our complimentary study branches to offer a wide array of academic fields.

Our Summer School offers of up to **3 weeks** of intensive courses taught by skilled professors and the specialists of the highest regard in their fields.

This year, **9 courses** in the most renowned scientific areas of our universities are available. **All the courses are taught in English.**

Come and join us in Ostrava from one to three weeks **from 11 July through 29 July 2016!**

- **Science and Technology**
  - Advanced Methods of Mechatronics
  - Energy
  - Mathematical and Physical Modelling of Metal Forming Processes
  - Specifics of Sustainable Energy

- **Arts, Social and Human Sciences**
  - Adventures of Architecture in Ostrava
  - Culture, History and Present of the City of Ostrava
  - A Journey through Czech History within the Central European Context
  - Following the Path of the Czech and Central European Art and Culture

- **Sports**
  - Activity Week

Join students from around the world to improve your English, have immersive cultural experience learning about life in Europe and Czech Republic, and of course improve you academic, scientific, and overall knowledge in your chosen topics.

The Summer School takes place during the **world famous music festival Colours of Ostrava**, considered one of the world’s top-ten music festivals, **very near our campuses**. Ostrava will be filled with people from all over the world for “Colours”…we hope you’ll come and join them!

**Course workload:** approximately **30 hours of direct contact hours**

**Credits:** up to **4 ECTS**

**Registration:** open now. **Deadline: 31 May 2016.**

Fee includes: tuition, study materials, accommodation, continental style breakfast, and entrance tickets for the field excursions.
