International Summer School 2015

In August 2015 the Hochschule für Musik und Theater München is holding an International Summer School for the third time. This combines master classes given by leading international lecturers and an extensive programme of concerts with the unique flair of the spa town of Bad Reichenhall in the foothills of the Alps.

The focus is on the intensive nurturing and development of students participating. The International Summer School places the emphasis on quality, rather than quantity: it offers students four guaranteed hours of individual tuition, participation in chamber concerts in the regular concert programme of the Bavarian State Spa Bad Reichenhall, and the opportunity to perform as soloist with the Bad Reichenhall Philharmonic.

In 2015 instrumental tuition will be given on voice, violin, viola, cello, piano and clarinet.

Active participants
The International Summer School is aimed at students at German and international music colleges, conservatories and universities, as well as at young professional musicians who wish to prepare for auditions, competitions, recordings, exams, etc., in a focussed way.

Passive participants
Passive participants, both students and musicians as well as interested members of the public, are most welcome and may attend all instrumental courses as listeners after registering.
